COUNTY OFFICIAL PAPER.

D. E. O'KEEFE, Editor and Proprietor

FOR PRESIDENT
WILLIAM H. TAFT,
OF OHIO.

Lodge Reorganized

Redwood City Council No. 557, F A. A. held a splendid reorganization meeting Wednesday evening in Foresters Hall.

Brother and sister Lacey, state organizers have been in the city some little time and have secured eighteen applications for membership and last Wednesday evening was the time fixed for the first initiation, election and installation of officers. Twelve applicants appeared and were splendidly initiated according to ritual by the following named officers of Magnolia Council, East San Jose, Mrs. C. B. Inman, president; Mrs. M. R. Polk, chaplain; Mrs. M. Archibald, vice-president; Mrs. A. J. Trousdele,a guide, Mr C. B. Inman, observer; Mrs. M. A. Mason, past-president and Mrs. A. J. Trousdell installing officer, these officers come from a council where they believe in the non-use of rituals and their work was beautifully performed here last Wednesday evening without the use of rituals, and the following persons were elected and installed officers: Past president, J. J. Read; president, W. M. Barret; vice-president,Mary E. Hanson; secretary, Augusta Geary; treasurer, Daisy Soper; chaplain, C. A. Coon; guide, May Geary; observer, Mary McAuliffe; sentinel, Allison J. Gilbert; trustees, Jos. P. McAuliffe, Chas. T. Cook and Emily W. Vasquez; pianist, Dolly Jamieson; press correspondent, Gertrude Geary.

Redwood City Council has existed here for a long time without holding any meetings, but the Association has became too strong financially to allow any of the old councils to lag, consequently all of the inactive councils throughout the state are fast being crowded into activity.

Brother and sister Lacey say that Redwood City is too nice a spot not to be well protected by the F. A. A. and that they intend to stay until the council is in splendid running order.

The Association being composed of both sex make the meetings refined and instructive to both old as well as the young. Women and men admitted on equal terms between sixteen and fifty years of age and insures against sickness, death, accident and old age.

The Home office is at Lawrence, Kansas, Its securities are United States bonds and cash and its bonds deposited with the State Treasurer of Kansas.

Other members present from outside at the meeting Wednesday eve were Mr. P. Y. Duncan, president of Palo Alto Council, with five others from his Council.

If all the money set aside for roadbuilding in Suprvisor Mitchell's district were scientificaly used what elegant highways we could have. Our roads would not be the laughing stock of the thousands who use them. San Mateo's county roads make us all feel ashamed of ourselves and our representitive in the county government. Oh, well, there's to be an election this fall and, we hop, an entire change of program.—Citizen, Palo Alto.

EXPERT'S REPORT ON CITY AFFAIRS

The report of W. J. McGarvey, accountant, who has been experting the books of the town was received by the board of trustees Monday evening, and shows that the municipality has been fortunate in its choice of town officials, for the only error in accounts was in favor of the town and against the official, and the only difference between the books of the clerk and treasurer is $2.50 for an unpresented warrant. One mistake in adding claims favored the town to the amount of five cents.

After reading the report of discrepancies in accounts from neighboring towns, the officials of this city are to be congratulated upon the result of the examination.

The report covers the time from July 1, 1906 to July 1, 1908 and the expert was handicapped by inability to find previous reports. With the exception of a few clerical errors the money collected by the various officials is fully accounted for.

A detailed monthly statement of the number of consumers of water, the income from water and the cost is given showing that in July, 1906, there were 382 consumers, the income was $696.70 and the cost of water $573.90. June, 1908, there was 420 consumers, $690.45 income and $597.00 cost. The total income for the two years is given as $17,413.-37; cost, $12,58.72; net surplus, $4,-654.75; average monthly surplus of $193.95. This does not include uncollected water rates amounting to $49.95.

In looking over the water accounts it is found that Marshal Christ, collector of water rates has overcharged himself $11.30; and neglected to charge himself with $4.75 showing a balance due him of $6.55. He has also paid to the town treasurer as per receipts $17.413.37 while his books call for only $17,411.77. This overpayment of $1.60 added to $6.-55 makes a total of $8.15.

The expert deems it advisable that the marshal notify every consumer that their accounts must be paid each month,and no accounts allowed to run By this means this officer can keep his books in a perfectly satisfactory manner.

The total receipts for the year 1906-07 $37,350.70, paid into general fund $33,635.36; balance $3,715.34. For the year 1907-08 the receipts were $36,-986.78; paid into general fund, $33,053.96; balance on hand $3932.82.

The clerk's and treasurer's books correspond exactly with the exception of $2.50, the warrant for which sum has not as yet been presented for payment.

Regarding water connections, Expert McGarvey says: "I find that the collection for this department has been greatly neglected and shows a very slack method of doing business. Accounts have been allowed to run until they are nearly outlawed, as a matter of fact; as clearly as I can ascertain, there is no way of finding out the exact amount as no account is kept in a record book of the connections made. Whose fault this is I am unable to say, but I think the officer whose duty it is to collect this tax, should be instructed by your honorable body to notify all parties who apply for connections, that this fee must be paid as soon as the connection is made. As far as I can ascertain, there is still due for water connections $90.'"

The books of the town treasurer, F. K. Towne, former Clerk, D. R. Stafford and the present clerk, G. C. Plump, are kept in a neat businesslike manner and correspond correctly.

It is advised that the clerk be furnished with a book of reference to be known as the book of summaries; in which should be entered under separate headings, a detailed account of all claims allowed of whatever character. These entries should correspond with the exact amount paid out both in his own and the treasurer's books, at the end of the year thus showing how money is distributed.

The expert advises that an inventory be taken of the town property at the corporation yard as soon as this work is done have the superintendent of streets keep a book of accounts. In this book he should enter all items of machinery, tools pipe etc., and in fact everything that comes into possession of the town, Entries should be made of all articles sold, used or done away with and an inventory taken each year. This has never been required and is a necessity to show a true statement of the property of the town.

The bonded indebtedness of the town is totalized at $110,997.84.

The balances in the different funds are as follows: Roosevelt avenue, $6363.87; Stambaugh street, $22.15; Water works improvement bond, $111.89; municipal bond fund $93.86: library fund $707.40. A balance in the street sprinkling fund of $21.51 is recommended to be transferred to the general fund as the sprinkling fund has been disposed with.

The careful examination of claims shows that many are in poor form; some not correctly dated, many not correctly itemized, some not sworn to and others do not mention when or where work was performed, and it is recommended that all claims be presented at least four days previous to a meeting at which claims are to be allowed, so as to permit the finance committee to scrutinize each claim carefully.

IMITATION PEARLS.

They May Be Detected by the Hole Drilled Through Them.

The means of ascertaining the genuineness of pearls, which are frequently imitated with marvelous skill, is especially important to the layman, even though the jeweler may quickly detect them. Imitations are usually lighter than real pearls and generally are brittle, although some are made solid of fish scales and do not break so easily, while the holes, which in the real pearl are drilled very small and have a sharp edge, are in the false larger and have a blunt edge. As a rule, the imitation pearls are like hollow spheres of glass colored internally with a coating imitating the orient of natural pearl.

The manufacture of these articles embraces two series of operations—the production of the sphere and the introduction of coating. The spheres are produced by the glassblower, who by aid of an enameler's lamp solders the extremity of a tube when the substance is of the right consistency. In this way are obtained very regular little spheres that serve for the composition of the ordinary quality of false pearls.

In the more beautiful imitations the tube employed is slightly opalescent, and the glassblower, besides, gives to the little spheres while they are yet malleable certain slight perceptible inequalities of surface by gently tapping them with a small iron bar. This gives them a still greater resemblance to natural pearls, which are very seldom absolutely regular.—Exchange.

WEIGHT OF PLANETS.

It Is the Mass of the Body That Counts With the Astronomer.

If a ham weighing thirty pounds were taken up to the moon and weighed there, the "pull"—the attractive force of the moon upon the ham—would amount to only five pounds. There would be another weight of the ham for the planet Mars and yet another on the sun. A ham weighing thirty pounds at New York ought to weigh some 800 pounds on the sun's surface; hence the astronomer does not speak of the weight of a planet, because that would depend upon the place where it was weighed. But he speaks of the mass of the planet, which means how much planet there is, no matter where it might be weighed.

At the same time we might, without any inexactness, agree that the weight of a heavenly body should be fixed by the weight it would have in New York. As we could not imagine a planet in New York, because it may be larger than the earth itself, what we are to imagine is this: Suppose the planet could be divided into a million million million equal parts and one of these parts brought to New York and weighed. We could easily find its weight in pounds or tons. Then multiply this by a million million million, and we shall have a weight of the planet. This would be equivalent to what astronomers might take as the mass of the planet.—Current Literature.

A Use For His Hat.

A funny incident of a drawing room meeting was recently noticed. A grave looking gentleman, with an unusually tall hat, entered and, seeing no rack in the hall, placed his hat on the floor just behind the door. Pretty soon another grave man entered, with a large, dripping umbrella, and, peering anxiously for the usual receptacle, saw in the gloom the hat resting on the floor. His eyesight was probably poor, for he mistook it for one of the new umbrella holders, and in it he deposited his dripping umbrella. This was an example for those who followed, and in a short time the solemn looking hat was stanchly holding a dozen umbrellas. At the end of the meeting the water in the hat was an inch in depth.—London Tit-Bits.

"The Conduct of Life."

Under this head Ralph Waldo Emerson wrote: "'Tis an estimable hint I owe to a few persons of fine manners that they make behavior the very first sign of force—behavior, not performance or talent, or, much less, wealth. While almost anybody has a supplicating eye turned on events and things and other persons, a few natures are central and forever unfold, and these alone charm us. He whose word or deed you cannot predict, who answers you without any supplication in his eye, who draws his determination from within, that man rules."

Was Hamlet fat or slender? M. Catulle Mendes, who held the latter view, was nearly killed by a sword thrust of M. Vanor, who leaned to the hundred kilos. Unfortunately the rapiers only pierced the skin of the duellists and not the mystery which was the cause of the dispute.—Pierre Lerouge in Par-

TIPPED AS HE WENT.

His Promise to Pay a Lump Sum Weekly Did Not Bring Results.

"I had heard all about the tipping system in Europe before going abroad," said the young man just returned from his maiden voyage, "so I thought I'd inaugurate a new system. At a fashionable hotel in London the valet assigned to my floor was the subject of my first experiment.

"'See here,' I said in a frank, jovial manner when he came in to attend me, 'I want to make an arrangement with you. It's an infernal nuisance to be handing out tips every few minutes, or, at least, when I want anything done. Now, I purpose to lump the whole thing in weekly payments. I expect to be here at least three weeks. You look after me to the best of your ability, and at the end of each week I'll make it all right with you—in fact, I'll give you more in a lump sum than you would get in tips. Is that satisfactory?'

"'Quite, sir,' he said cheerfully, but I fancied he looked disappointed.

"'Very well,' said I. 'I'm going out for a drive about town. Meanwhile take my evening clothes out of my trunk, have them pressed and laid out for me. You'll find studs and buttons for the shirt in that box on the dresser. My shoes are in that valise.'

"'H'all right, sir. Very good, sir. Thankee kindly,' said he, and I left with a feeling of elation.

"When I got back to the hotel I found my evening clothes still in the trunk, the shirt and shoes untouched and, in short, 'nothing doing.' Next day I went back to the old system."—New York Press.

Short Stay Neighborhoods.

A man who contemplated going into business for himself looked around for a good location. He rejected the advice of two friends who had suggested neighborhoods which they thought desirable.

"I don't like either of the places," he said. "Business can't be good around there. I have passed through those streets many times, and always I have been struck with the frequency with which the names on the shops are changed. That doesn't look promising. Wherever a man finds trade profitable he tays; contrariwise, he moves. None of the short stay neighborhoods for me."—New York Post.

Work Begun on Electric Road

A gang of surveyors in charge of T. T. Herrman, the well-known San ose civil engineer, was busy Mon-ay making a survey along the ounty road, north from Palo Alto. A second surveying outfit began work this morning at San Carlos nd a third outfit is working near San Bruno.

This survey would indicate that he commpany intends to ask for ranchises along the county road rom Mayfield to Menlo Park. It is nderstood, however, that the main ortion of the line will be over a rivate right of way, in order that fast time may be made by the electric cars. South from Mayfield option were formerly secured for a private right of way, but whether these options hold good now is not known. A private route through mosts of San Mateo county would be very expensive, but the necessity for such a route would doubtless justify the expense. At San Carlos there has been stored for two years or more a large quantty of ties and other realroad matrial.

La Honda Notes.

LA HONDA, August 21.—The crowning event of the social season here was the leapyear masquerade held last Saturday night in Sears' Hall. The affair attracted an attendance which packed the hall. An unusual number of those in attendance masked. All the hotel guests were present while the camps were deserted during the dance and the country side was strongly represented. The affair was hastily arranged but many of the prticipants found time to devise artistic and novel costumes. Mrs. McClure of Palo Alto, as a nurse with a real live baby, sustained her character unusually well. Chester Hackett made a hit with the impressionable youths present with his Gibson Girl pose. He presented a striking appearance in a white duck suit and with strange blood hair which it appears had previously seen service as baling rope. Miss Kane made a hit as Topsy while Miss Bartlett was a bewitching gypsy. Mrs. M. McClure, nurse; Miss Daly Davis, Buster Brown girl; Mrs. Charle Cavalli, fern lady; Frank Cavalli, Uncle Sam; Mr.Munroe, sailor; Missida Moore, fancy dress; Mis Mariana Zanoni, white cap;; August, Emil and J. Zanoni, minstrels. Among those who did not mask were Mrs. James Crowe, Mr. and Mrs. P. Stock, Miss Clara Stock, Miss Geneva Stock, Miss Evelyn Stock, Mrs. A. B. Maguire, Mr. and Mrs. Percy Weeks, Mrs. Kane, Joseph Mesquita, John Mesquita, Frank Mesquita, Mrs. Bernard, Miss Crowe and others appeared in evening gowns which stood out in bold relief against the character costumes of other dancers. The unmasking came during the lancers and those characters which had baffled the scrutiny of the other dancers were watched with interest. The music was provided as usual by Mrs. Sears who presided as usual at the piano. She was assisted by Percy St. John the violinist, and Lennie Sears, the cornetist. An encore was demanded after each dance and was granted. It seemed the more dancing the revelers had the more they wanted and it was far into the night when the tired musicians called a halt. Among those in costume were:—Miss Rene Weeks, Toby; Miss Tillie Steinberg, Mother Hubbard; Miss May Diaz, Minnehaha; Mrs. Harry Steinberg, fancy dress; Miss Miller, flags of all nations; Mis May Sullivan, cow girl; A. B. Maguire, Indian chief; Glen Smith, sailor; Miss Kane, Topsy; Daisy Davidson, school girl; Chester Hackett, a Gibson girl; Miss Kitty Crowe, fancy dress; Miss Della Bartlett gypsy; Mrs. Bernard, fancy dress; Mis Hazel Hackett, Sis Hopkins; H. Steinberg, Mr. and Mrs. George Ray, Mrs. Santos, Miss C. Santos, Mrs. Lawton, Mrs. Hackett, Miss Grace Leonard, Miss Helen Leonard, Miss Annit Sears, Mr. and Mrs. A. M. Free, Dr. andM rs. Starbird, Mr. and Mrs. C. R. Parkinson, Mr. and Mrs. William Tyndale, Miss Delia Roche and many others too numerous to mention.

There will be an all-night ball in Sears' hall tonight. The supper will be at Hotel La Honda. All arrangements are made and a jolly good time expected.

Messers Morton and Munroe broke came and departed with regret, not wholly on their part, the early part of the week.

A. B. Maguire, a former supervisor of San Francisco (not a boodler) paid this place a short visit this week.

Mr. R. A. Stingle, sporting editor of the San Francisco Call, has been rusticating at Hotel La Honda for the past three weeks.

Miss Leonard of San Francisco is a guest of her cousin, Mrs. Harry Steinberg.

Hughie Burns and Jerry Williams were around this week greeting old friends with the "glad hand" and some"funny noises" at the hour of midnight.

SUPERVISORS HOLD SESSION

The board of supervisors met in regular session last Monday. All the members were present.

The following communication from the Norris K. Davis Machine Works of San Francisco was read by the ceirk and same referred to the District Attorney for his opinion::

"To the honorable Board of Supervisors of San Mateo County, Gentlemen: I beg to call your attention to the reckless driving and utter disregard of the law and rights of teams on the part of some automobile drivers passing through this county. Last Sunday I was driving on the county road south of San Mateo, and drew as close to the right of the road as possible, to allow of several automobiles which were racing pass by. They were travelling at least fifty miles per hour. The last one did not clear my surrey by more than a few inches, and a deliberate attempt was made to strike my horse with a flag, in the hands of one of the passengers in the automoblie. Such contemptible, utter disregard of the lives and rights of others ought to be stopped, and no punishment is, in my opinion, too severe for the man in an automobile, who will deliberately try to frighten an already scared horse, pulling a light surrey containing two women and a child. I have had some conversation in this connection with horse and automobile drivers, living in and around San Mateo, and they all seem to be of one mind, that is, that the county roads ought to be policed on Sundays and automobiles compelled to obey the law."

The following communication was received fromL. P. Lowe, chairman of the Automobile Club of California, and same was also referred to the district attorney.

Hon. Board of Supervisors , San Mateo Co., Cal.

Dear Sirs:—

Folloiwng the practice of automobile clubs through out the country, this club is about to take up the work of marking the highways and installing road signs upon the principal routes of travel. We realize the fact that this is a most welcome work but in proceeding therewith do not wish to interfere with any of the ordinances governing the care of the highways and therefore inquire whether it will be necessary for us to secure permission to do this work and if so we beg that this letter will beregarded as a request for the necessary permit.

Very respectfully,

L. P. LOWE,

Chairman Executive Committee

This being the day set for receiving bids for the sale of a franchise for operating an electric railroad in the First Township the clerk was instructed to opn bids. There was only one received, that of T. C. Schwerin who offered $100 for the franchise. On motion of Elkerenkotter seconded by MacBain said bid was accepted. Mr. Schwerin's bond was fixed at $3000. The franchise calls for a road operated by Electricity, Steamor Animals and connects with the United Railroads of San Francisco at Blanken's thence running southward to the tract recently put on the market known as Visitacion.

On motion of Elkerenkotter seconded by Blackburn Ordinance No. 226 amending certain sections of and adding a section to Ordinance No. 220 establishing election precincts was adopted.

The claim of County Game Warden, J.S. Hunter for $50 for convicting persons charged with violating the game laws was referred to the District Attorney.

The certificates of sale to the State of the following property was ordered cancelled. The property was erroneously assessed: Lots 48-49-50 and 51 Laurel Creek Farm.

The petition of M. King to have certain obstructions removed from Hill street, Belmont, that was referred to the District Attorney some time ago was, continued to the next meeting of the board.

At the request of MacBain the Town of Redwood City was permitted to put in a meter at the court house, the county to stand the expense of said meter.

The matter of hiring deputy sheriffs and constables to patrol the county roads on Saturday and Sunday to check the speed of automobiles was referred to the district attorney to ascertain what authority the board had in the matter.

Elkerenkotter was given permission to secure the services of the county surveyor to prepare plans and specifications for a concrete bridge North of Tanforan on the Misssion road in the First Township.

An adjournment was then taken to Tuesday September 8th.

Barry Acquitted

OAKLAND, August 21.—Everett J. Barry, the engineer who piloted the Santa Cruz train No. 57 on the evening of July 4, when seven persons were killed and 17 injured in a collision at First and Webster streets with the Alameda local was discharged in the police court this morning by Police Judge Smith. He was charged with manslaughter without malice for the death of Alason W. Shumway, brother in law of Patrolman Jones, who was one of the victims in the wreck.

After sesveral witnesses for the prosecution had been examined yesterday Judge Smith took under advisement a motion by Attorney F. V. Meyers for the defense for dismissal on the grounds that the prosecution had not proven its case and defendant was discharged.

Loved One Laid to Rest

Katherin, the little three and one-half year old daughter of Rev. and Mrs. C. C. Kirtland passed away at the home of her parents at ten o'clock Wednesday morning. She became ill with peritonitis and appendicitis on Saturday and although everything that careful nursing and medical science could do was done, she became steadily worse and the end came painlessly Wednesday. The little girl was born in this city. She was a very beautiful child and was a great favorite with all who knew her. About three weeks ago she returned with her mother from a trip to Nebraska where she visited her grandparents and had not been well since her return.

The funeral took place from the parsonage yesterday morning the Rev. Dr. Pond conducting the services The interment was in Cypress Lawn Cemetery.

Mr. and Mrs. Kirtland have the deepest sympathy of the entire community.

Married for Love

Isaac Minor, a lumber capitalist of Arcata, Humboldt county, and father of Mrs. J. D. Pressey of Petaluma, has married Mis Caroline Cropley of Arcata. Minor is 80 years old and his bride 30. The bridegroom is a great-great grandfather.——Oakland Tribune.

Mrs. Minor, who was Miss Cropley is well known here having been a resident of Redwood City for some years when her father was connected with the Frank Tanning Company.

She is a very sweet singer and was prominent in church and social circles. With her parents she moved to Arcata about four years ago but has made two visits with Redwood City friends since that time. We wish her about thirty years of happy married life with her lumber capitalist husband.

Builders' Contract.

The following builder's contracts were filed in the recorder's office during the week:—

Charles Peterson and Carl Overaa agree to erect in 100 days, a two story dwelling consisting of nine rooms and two baths for John T. Scott on his property in Burlingame for $5608.

Harry Wagner agrees to erect for Mortier Savage and Charles M. Wiggin in 90 dys a hotel at Montara Townsite for $5000. The knobs for doors and electric fixtures are not included in the contract.

A. E. Hargravis agrees to erect in 90 days for Geo. P. Theller and his wife MaryS. Theller a one story dwelling on their property in Burlingame for $2725.

Incorporation Favored

A large and enthusinstic meeting was held in Metropolitan hall in South San Francisco Monday evening for the purpose of debating the question of incorporation. At least 250 people were present. Several ladies were in the audience. Speeches were made in favor of incorporation by Judge E. E. Cunningham, W. J. Martin, Thomas Hickey, Mr. Synder, Henry Ward Brown and several others. The only speech made against the measure was made by Mr. Dennison, president of the Steiger terra cotta works. He objected to what is known as the manufacturing district being included within the incorporate rimits. The objection comes rather late, as in case incorporation carries the district as fixed by the Supervisors will become incorporated, and the manufacturing district will be included within the city limits. The sentiment of the two meetings already held indicates that there will be a safe majority cast on the 3d of September next in favor of incorporation.

Lively Contest Predicted

There will be a lively contest for the supervisorship in the First Township this year. There are three or four in the field who are seeking the Democratic nomination. James T. Casey and Thomas Spellman are the leading Democratic candidates. There is some talk of Colma offering the nomination to Henry Gellfuss as an independent candidate. Julius Elkerenkotter will be the Republican nominee and will undoubtdly be elected on account of the splendid roads he has built. It is said that Henry Bauer of Colma and George Perham, the Baden dairyman, would not refuse a nomination. The Colma people think they should get a nomination but they all agree that Elkerenkotter has made a good supervisor and ought to be re-elcted.

The city council of San Mateo has awarded a contract to the Warren Improvement Company to macadamize the main county road within the city limits and to lay concrete curbs and gutters. The stipulated price of the contract is $31,897.50. The road will be macadamized from curb to curb. It was in bad condition last winter and the proposed improvements will be hailed with delight.

MENLO PARK HAPPENINGS

The Menlo baseball tbam was defeated by the Crystals of San Francisco on the local diamond last Sunday by a score of 3 to 1. The inability of the home nine to bunch its hits lost them the game. It, however,, was a splendid contest, both teams playing good ball. Con Maloney played a perfect game on 1st base while Justin Larrecou held down second bag admirably. Ike O'Neill had an off day and did not put up his usual game on third. Geo. Casey played well in center field. The battery, Jas. Maloney and Edward Weeden did excellent work. The former's three basse hit was the feature of the game. The big game of the season will be played here tomorrow afternoon when the local nine will try conclusions with the Redwood City nine. Both have a game to their credit and tomorrow's game will decide the championship. A purse of $50 will be contested for.

Sherwood Hopkins and family have returned from Boca where they had been all summer. Young William Hopkins brought home as fine a string of trout has has ever been seen in town.

One evening last week a company of young people enjoyed a moonlight straw ride to San Mateo.

A party of friends spent last Wednesday at the Sprague place, the home of Mr. and Mrs. Agard. They had a picnic dinner under the trees on the hill.

The Scotch Reading given last week by Rev. R. C. Moodie at the Presbyterian church was well attended. Mrs. Henry Smith sang several Scotch songs.

Mrs. M. Lea, sister of Mrs. Hans Agard has returned to her home in Los. Angeles.

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of wharves, piers, seawall, state railroad, spurs and appurtenances in the city and county of San Francisco, at a cost not to exceed two million dollars (which said wharves, piers, seawall, state railroad, spurs and appurtenances the board of state harbor commissioners are hereby empowered to construct in the manner authorized by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor provided for in section 10 hereof, prepare two thousand suitable bonds of the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of January, A. D. nineteen hundred and nine, and shall be made payable on the second day of January, nineteen hundred and twenty-eight A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; **provided**, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and ten, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest and likewise all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay and cancel the same, out of the moneys in the second San Francisco seawall sinking fund provided for in this act, and, he shall on the first Monday of January, nineteen hundred and twenty-eight, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and eighteen.

SEC. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

SEC. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants, duly drawn for that purpose.

SEC. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state under seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "Second San Francisco Seawall Fund" and must be used exclusively for the construction of wharves, piers, seawall, state railroad, spurs and appurtenances thereto on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

Said state treasurer shall, on controller's warrants, duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have heretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California. Between the first and tenth day of November, in the year nineteen hundred and eighteen and between the first and tenth day of November of each year thereafter until the maturity of said bonds the said treasurer shall, in the presence of the governor, proceed to draw by lots such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date, all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same, and the interest coupons thereon, and each year beginning with the year nineteen hundred and eighteen, the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

SEC. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.
